

ENGINEERING & CONSTRUCTION RISK INSTITUTE

Document number: ECRI-PD-002 (DESC)	Inventory of Additional Risks for Development/ Financed Projects	Page: 1 of 4
Revised: 1 September 2009		

Purpose: The purpose of this document is to list risks which may arise because of the requirements of third party financing, and then suggest potential remedies to these risks. The inventory assumes that loan requirements are fixed and not subject to change.

Introduction: Best risk management practice is to use the potential remedies listed below as early as possible in the development of the project life cycle.

Risks considered are:

- Cash flow
- Currency
- Material sourcing requirements
- Standard of project completion
- Force Majeure
- Inflation
- Country risks
