

ENGINEERING & CONSTRUCTION RISK INSTITUTE

Document number: ECRI-RM-002 (DESC)	Criteria for Risk Management Process: Questionnaire	Page: 1 of 1
Revised: 20 March 2010		

Purpose: The purpose of this document is to allow Engineering & Construction companies to examine their Risk Management capabilities and processes and to guide them to areas which may need improvement.

Introduction: The table below provides a suggested set of questions that an E&C company should address to itself, as a checklist, to ensure that they have in place the criteria for a Risk Management Process.

Application: The questionnaire and criteria apply to all E&C companies.
