

ENGINEERING & CONSTRUCTION RISK INSTITUTE

Document number: ECRI-RQ-005 (DESC)	ECRI Glossary of Terms	Page: 1 of 1
Revised: 20 March 2010		

Purpose: the purpose of this document is to provide a glossary of terms, and their corresponding definitions, as used within ECRI Practices and Procedures.

Introduction: This Glossary is a combination from three sources:

1. Terms extracted, with permission, from the PMI RISK MANAGEMENT HANDBOOK DRAFT APPENDIX A GLOSSARY. These terms are shown in lower case bold.
2. Draft ISO Guide 73 which is currently being completely updated. These terms are shown in bold and capitalized and include a reference in parenthesis to their entry number in the draft standard.
3. Additional terms suggested by the ECRI Sponsors because they were not included in either of the above sources.

ECRI Description file – The complete version if this document is located in the Sponsors Resources area of this website and requires a Sponsors Login to access.
