

# ENGINEERING & CONSTRUCTION RISK INSTITUTE

Document number: <b>ECRI-TC-004 (DESC)</b>	<b>Inventory of Standard Form Contracts for the E&amp;C Industry</b>	Page: 1 of 41
Revised: 1 September 2009		

**Purpose:** The purpose of this document is to provide an inventory which shares the ECRI Sponsors knowledge of the standard contract formats used throughout the E&C industry.

**Introduction:** The utilization of an industry standard contract is common practice throughout the world particularly with regard to civil and building works. The standard forms discussed in this document cover contracts used in Australia, Canada, USA, United Kingdom and South Africa.

**ECRI Description file – The complete version if this document is located in the Sponsors Resources area of this website and requires a Sponsors Login to access.**
